# **BANK PROFILE**

The Co-operative Movement in Cyprus, considered as one of the well organized and the strongest in the world, was introduced at the beginning of the 20<sup>th</sup> Century and the first Co-operative Society was founded in 1909.

In 1937 the Co-operative Central Bank was founded. Its purpose was to provide credit for those member societies that are in need, through self-financing within the Co-operative Movement.

According to the Constitution of Cyprus and the Treaty of Establishment enacted in 1959 when Cyprus acquired its independence, both the Cyprus Co-operative Central Bank and the Co-operative Movement on the island were split into two separate parts, as Turkish and Greek Cypriot.

Today, at the center of the Co-operative credit system of the Turkish Republic of Northern Cyprus is the Cyprus Turkish Co-operative Central Bank Ltd. (KOOPBANK), which was established in 1959 as a tertiary Co-operative Society. Members of the Bank are the Co-operative Societies, which are obliged by the Co-operative Law to deposit their liquid funds with the Bank.

KOOPBANK, in addition to its obligation to comply with the Co-operative Societies Law and Rules, is at the same time subject to the Banking Law of 2001.

Today, KOOPBANK provides the following services:

It acts as the Central Banker to the local Co-operative Societies by giving loans to those Societies in need and accepting deposits from those with surplus funds.

It is the lender of last resort for Co-operative Societies involved in banking activities.

To assist the agricultural development, it provides government-subsidized loans directly to the farmers. These loans are usually long-term and at low rates of interest.

Through its agricultural oriented subsidiaries, it provides a whole range of agricultural requisites including fertilizers, insecticides, machinery and equipment for farmers usually on credit basis until the ingathering of the crop.

As part of its strategy to build an integrated financial services group, the Bank's wholly-owned subsidiary Şeker Insurance (Kıbrıs) Ltd. has been a major insurance company in the country providing insurance services to all sectors. Financing of farmers for land development and land leveling.

Financing the local authorities and the State for several of their projects.

As well as the above specialized services, Koopbank offers a comprehensive range of retail, corporate and foreign banking services through its 19 branches and its numerous correspondents abroad. It is the major bank in the financial system of the country in terms of its size and the use of technology, such that at least one person from each household is a customer of the cooperative societies.

In its dedication to serve better for its customers and member societies, Koopbank has continuously been working towards improving its service quality and expanding the range of its products and services to meet the ever-changing demands.

# CYPRUS TURKISH COOPERATIVE CENTRAL BANK LIMITED INDEPENDENT AUDITORS' REPORT FOR THE ACCOUNTING PERIOD 1 JANUARY 2014-31 DECEMBER 2014

We have audited the accounts on pages 6 to 35 which have been prepared under the historical cost convention and in accordance with the accounting policies set out on page 9. As described on page 3 the directors of the bank are responsible for the preparation of accounts. Our responsibility is to express an opinion based on our audit.

We have conducted our audit in accordance with applicable auditing principles. Those principles require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement taking into consideration the operation of the Bank's internal systems, effectiveness of the internal control system, sufficient use of internal systems and the appropriateness of the infrastructure and the systems in use to the Bank's structure. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessment of the accounting principles used, significant accounting estimates made by the board of directors and the overall presentation of the financial statements. We believe that our audit provides reasonable basis for our opinion.

# Report in accordance with Principles Relating to the Establishments Authorised to carry out Independent Audits of the Banks Decree

In our opinion, the said financial statements, with all material respects, have been examined on a test basis under Article 34 (3) of the Banking Law No:39/2001 and the following matter has been identified.

- The total of loans secured by State guarantee exceeded the limit as prescribed by the 39/2001 Banking Law by 1,469,195,733 (One billion four hundred and sixty nine million, one hundred and ninety five thousand, seven hundred and thirty three) Turkish Lira.

Except for the matter above the financial statements is in conformity with the uniform chart of accounts, uniform balance sheet and profit and loss statement, notes to the financial statements, accounting and valuation standards in accordance with Article 29 (3), the records of the bank in accordance with Article 30 of the above mentioned Law and as explained in note-IB (14). Internal systems and internal control procedures have been reviewed and found appropriate as stated in note IB-14.

# **Opinion Under Cooperative Companies Law Chapter 114**

We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit. In our opinion, the bank has kept proper books of account, so far, as appears from our examination of those books. The balance sheet of the bank and profit and loss account dealt with by the report are in agreement with the books of account.

In our opinion and to the best of information obtained and according to the explanations given to us, the accounts in all material respects, give the information required by Chapter 114, the Cooperative Companies Law in the manner so required and give a true and fair view of the Bank's financial position as at 31 December 2014 and of the profit for the year 2014.

# (3) Principal accounting policies and related financial effects

### **Principle Accounting Policies**

The principal accounting policies followed in the preparation of the accompanying financial statements are as follows:

# a) Effect of Hyperinflation

International Accounting Standards No 29 and UITF abstract 9 "Accounting For Operations in Hyperinflationary Economies" recommend adjustments to financial statements using a relatively stable currency of measurement, where such financial statements are designated in the currency of an economy suffering from hyperinflation which is defined as cumulative inflation rate over three years approaching or exceeding 100%.

Law 66/99 enacted on 23 November 1999 provides for the revaluation of certain items in the balance sheets of companies namely, paid up capital and reserves, fixed assets accumulated depreciation provision thereon, stocks and unquoted investments according to a factor provided in the law. The law provides also that as from January 1999 the revaluation loss or profit would be taken directly to the profit and loss account to increase or decrease the operational profit as the case may be.

The purpose is explained in the law to be the marking up of the amounts expressed in Turkish Lira to offset the loss in the value of the Turkish Lira since the dates of acquisition of the said assets and introduction of the capital funds including retained profits. According to the law the net result of the adjustments would be credited to equity capital or deducted according to whether it is a credit or debit balance.

This recommendation has not been applied in the TRNC. Due to the Parliament cancelled the said law (66/99) as from 1.1.2007, the bank has not made any adjustment to financial statements for the revaluation of paid up capital and reserves, fixed assets, accumulated depreciation items.

The value of freehold Immovable Property in London owned by the bank in 1982 for the purpose of to open a branch is marked up annually on every balance sheet date on the basis of TRY value of the sterling value. The sterling value is also adjusted on the basis of independent qualified valuers' report. The valuers' report was obtained for 31 December 1999 and valued GBP 320,000. Surplus on revaluation of this transaction is taken directly to the reserves.

# b) Accounting Principles

- **1-** Fixed Assets are the ending balance of the accounts, which are calculated as Revaluation Cost minus Revaluated Depreciation Provisions.
- 2- All income and expense items are recorded on accrual basis. Accrued interest and interest receivables that are classified as non-performing are cancelled and are not recorded as interest income until the actual date of the collection as per the relevant legislation.
- **3-** Full specific provision has been made for group 5 without considering of their collateral.

# c) Foreign Currency Transactions

Foreign currency assets and liabilities at each year-end are converted into New Turkish Lira at the year-end foreign currency rates.

Reserve Deposits amounting Cyprus Pound (CY£) 326,198 blocked in the Central Bank of Southern Cyprus since 1974 have been converted into New Turkish Lira at the year-end foreign currency rate 2.84. Full provision has been made for this amount.

### (4) Fundamental Accounting Concepts

The accounts have been prepared in accordance with the Fundamental Accounting concepts.

# (5) Valuation methods used, any change in the methodology during the current period and financial effects of such changes;

No change has been made

# (6) Information on investment securities (subsidiaries, equity participations, and marketable securities);

#### Marketable Securities

Marketable securities are those which management mainly intend to hold until maturity and are stated at cost as adjusted for the amortization of premiums or discounts on purchases over the period to maturity.

Marketable Securities as of December 31, 2014 and 2013 are comprised of the following.

|   | 2014        | 2013       |
|---|-------------|------------|
|   | (TRY)       | (TRY)      |

Republic of Turkey Government Bonds and Treasury Bills are quoted on Istanbul Stock Exchange and are stated at cost or prices quoted in the Official Gazette by Turkish Central Bank whichever is lower. The cost of foreign currency denominated securities is translated at year-end exchange rates. Interest earned for holding securities are included in interest income.

### Equity Participations, Subsidiaries and Long-term Securities:

Equity Participations and subsidiaries value have been revaluated under the law 66/1999 for the year 2006. Since the said law (66/1999) has been cancelled as from 1.1.2007 equity participations and subsidiaries are not revaluated for the year 2014.

# Depreciation method used, any change in the methodology during the current period and financial effects of such changes:

Depreciation has been calculated on the "straight-line basis" and no change has been made in the depreciation method during the current period.

# (7) The composition of strategies for providing a hedge against the exchange rate risk resulting from other foreign currency transactions.

Market fluctuations of exchange rates, interest rates and prices are monitored instantaneously, while positions are taken with strict adherence to legal limitations as well as the Bank's own transaction and control limits, thus preventing any breaches of these limits. A long position exists of US Dollar.

(8) Foreign currency assets and liabilities at each year-end are translated into Turkish Lira at the year-end foreign currency rates. As at 31 December 2014 and 31 December 2013, foreign currency assets and liabilities of the Bank are mainly in GBP£ and US\$.

The findings from these audits are being reported to the senior officers and necessary alterations are requested. Except the periodic routine inspections, complaints from customers are also assessed and required measures are taken. In the inspections held during 2014, no findings of importance that could affect the bank capital or income negatively have been found.

Our auditors that monitor the changes in the risk composition and inform the Board of Directors on the measures to be taken with their reports also contribute to the marketing vision of our Bank with their periodic findings and suggestions.

Our auditors will be working with a sense of responsibility and duty in the forthcoming period to help our Bank achieve its identified goals and to increase the added value of our Bank by benefiting from technological opportunities as well.

# **Operation of Internal Control System**

The Internal Control activities of our bank are structured within the framework provided by the Banking Law No. 39/2001 Internal Systems regulations with a vision to cover all domestic branches and head office units.

The control programs for the branches are prepared to make all branches subject to periodic control and systematic and other deficiencies are found and suggestions are made to amend them.

The controls held in the branches and head office units are continuously reviewed and renewed parallel to the advances in technology, in order to keep them compatible with the Bank's objectives in every aspect, fast and up to date.

With the work and suggestions towards making Internal Control activities more effective, a healthier functioning of banking activities and an increased level of service quality are targeted.

# **Operation of Risk Management System**

The basic approach of our bank in its risk management activities is to place the risk culture in the organization, identify, measure, monitor and control the risks that the bank is being or may be exposed to.

The risk management activities of our bank include balance sheet risks such as credit risk, market risk, operational risk, and liquidity risk. These risks have been identified and taken under control by constructing risk matrices.

The banks exchange rate and liquidity risks are held under control by the developed scenario analysis and stress tests.

Activities of the risk management unit are reported to the Board of Directors semi-annually along with the risk analysis test results and risk parameters.

Risk management activity results;

- The senior officers of the bank have been sensitive to comply with both the internal and external regulations. As a result of this, in line with the TRNC Central Bank criteria, capital adequacy ratio has been 30.79% and cash ratio has been 17.50%.
- Activities for the collection of government guaranteed loans have continued in 2014.
   It is of high importance that these loans are collected within the scope of a predetermined plan for the benefits of the bank and the sector.

- From the exchange rate risk point of view, we are working to minimize Bank's long-term position in US Dollar by balance sheet or off balance sheet transactions.

As a conclusion, our units that have been constituted under the Internal Systems regulations have not only been compatible with the internal and external regulations but at the same time they have continued to manage the risks arising from the banks activities with an increasing sensitivity. By this means, the increase in the trust and reputation of the bank have affected the deposits and size of assets in the Bank's balance sheet positively.

# **Operation of the Compliance Unit**

Within the framework of the Internal Systems regulations, the control of the compatibility of Bank's internal policies and regulations with the activities of the Bank and the goods and services that Bank offers and will be planning to offer are held by the Compliance Unit.

Pursuant to the 4/2008 Prevention of Laundering Proceeds of Crime Law, Suspicious Transaction Notifications and Notifications for Cash Transactions that equal to €10,000 and above have been made. In order to raise awareness of the personnel on this matter, trainings that are part of the Compliance Program have been held. The personnel will be kept updated about this matter by ongoing trainings.

## (9) (a) Information on other assets;

The "other assets" item of the balance sheet does not exist 10% of total assets.

### (b) Information on withholding tax and prepayments.

All co-operative institutions including the Bank were wholly exempt from Corporation and Income Tax until 1.1.1987 Amendments to the Corporation and Income Tax Laws in 1987 made effective from 1st January . In 1987 the tax exemption privilege enjoyed by all cooperatives was removed, except for those in rural areas. However the Banks' Tax Liability for 2014 was calculated in accordance with the relevant laws. On this basis the total taxation provision made for 2014 is TRY 1,533,578. Withholding tax paid in TRNC and in Turkey TRY 454,139 has been discharged by set off against the taxation liabilities.
